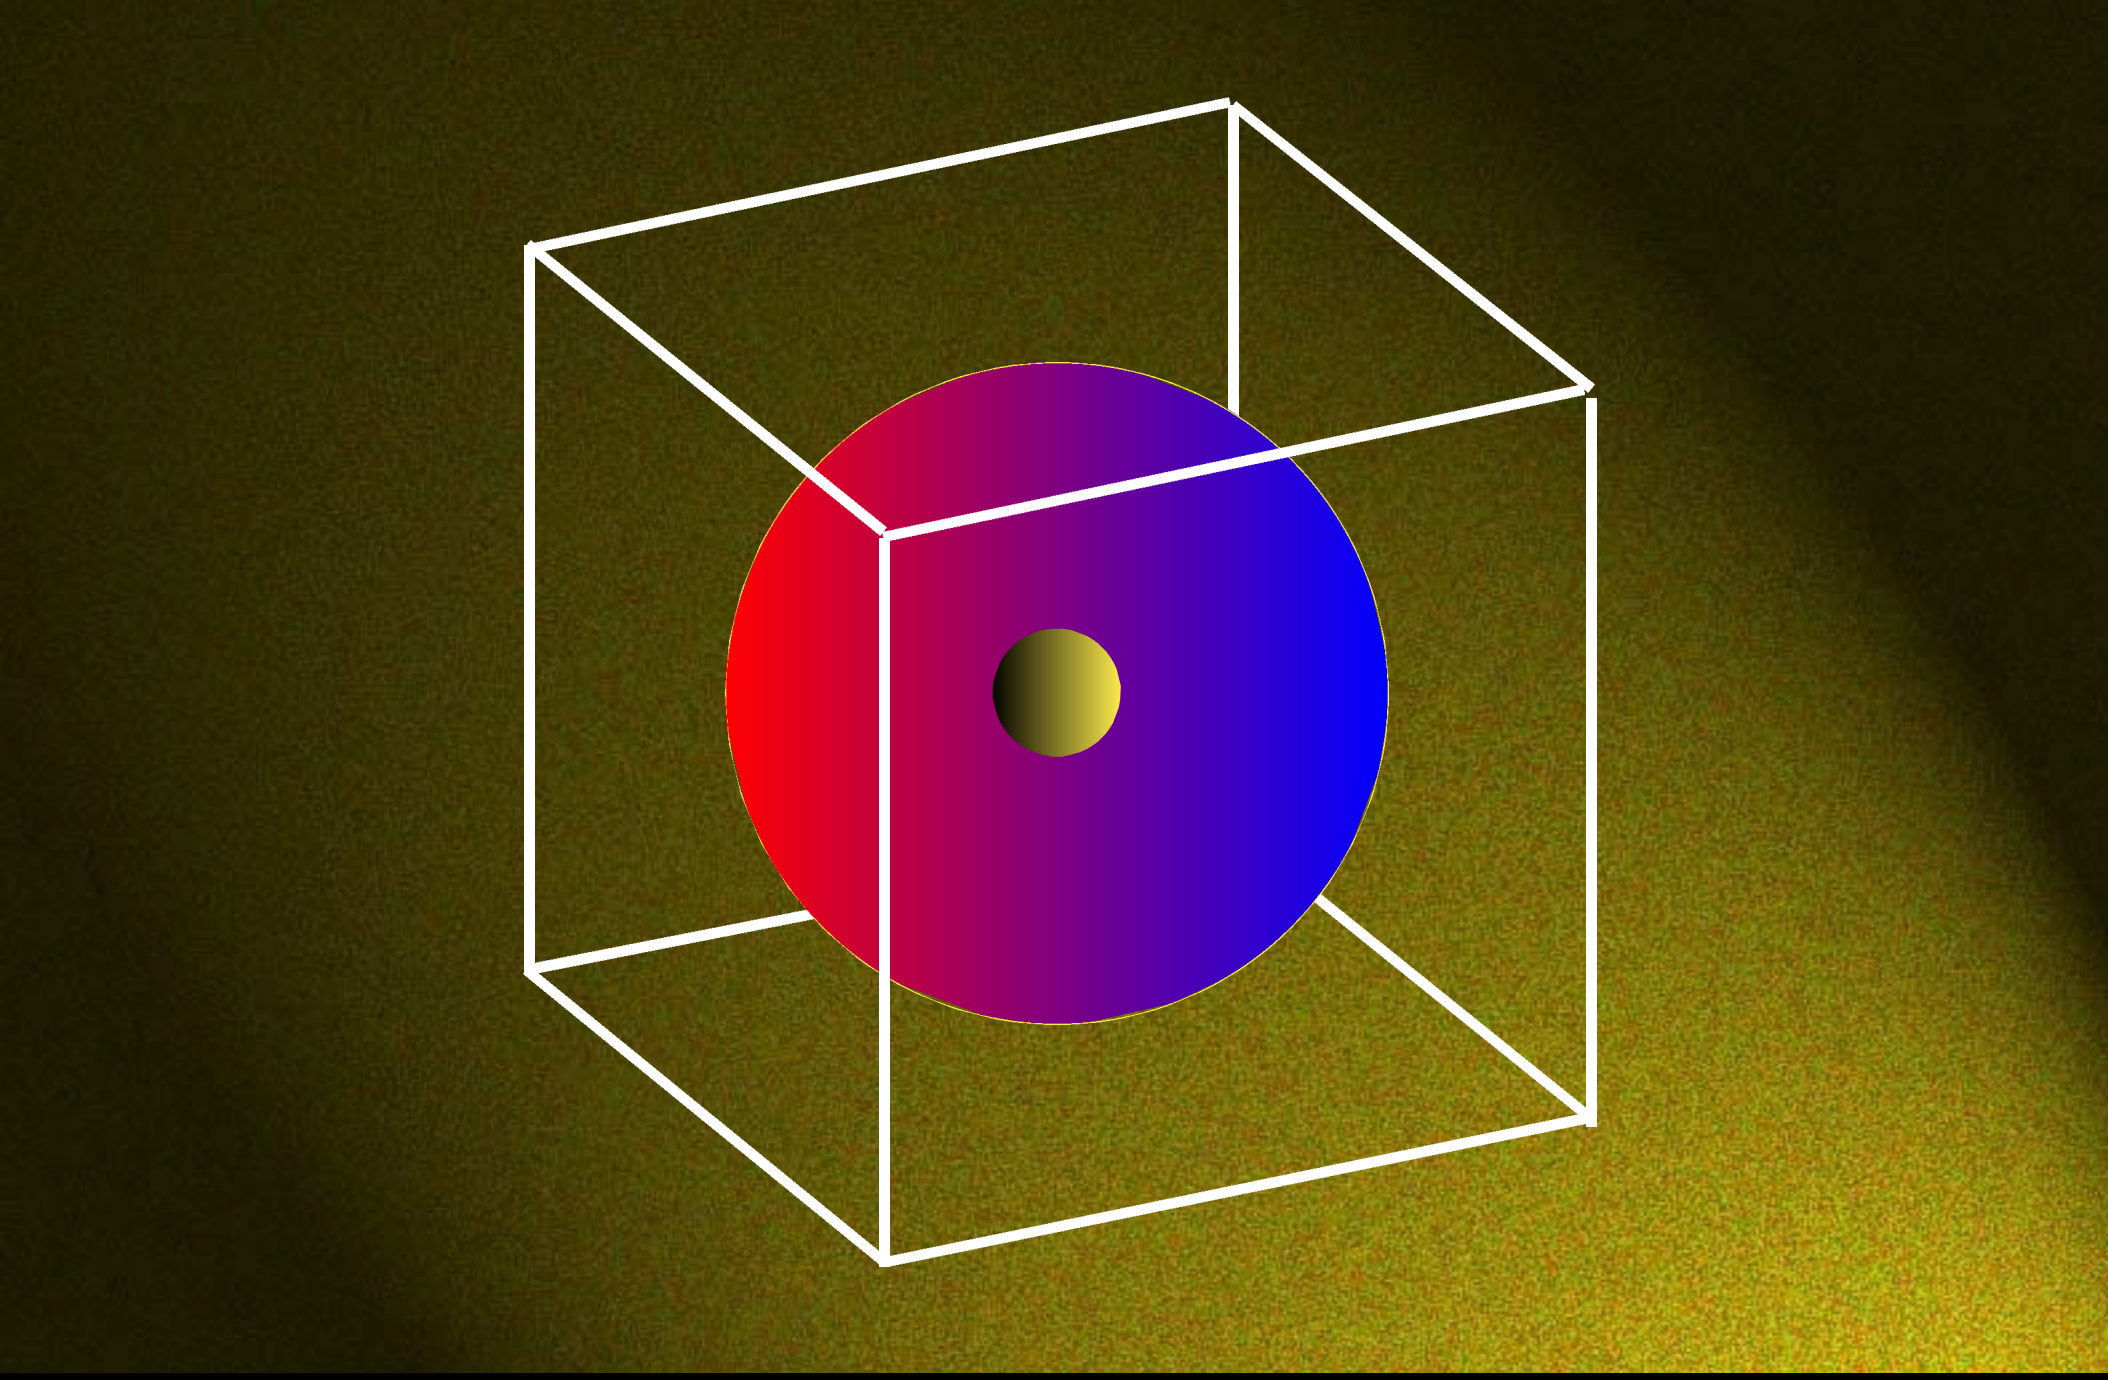
Module: 15

Conclusion

- "Free Will & Determinism"

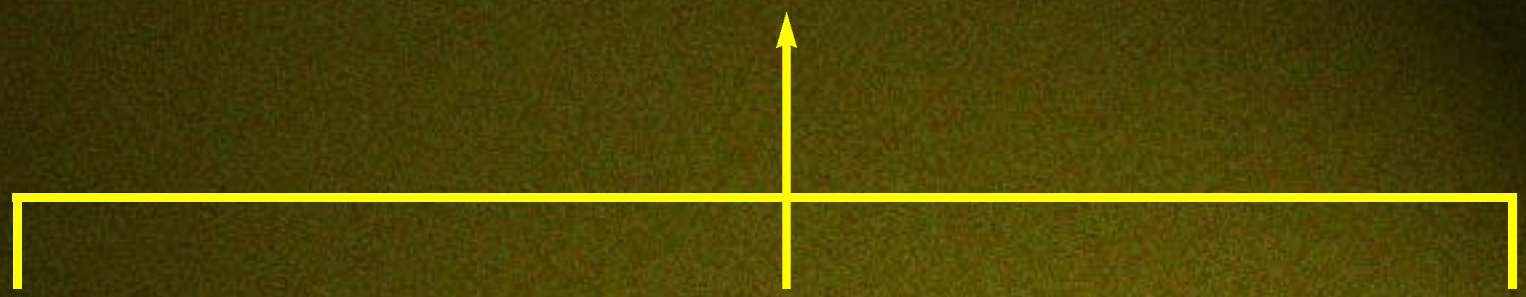
A Universal Model

- Symbiotic Panentheism -



A holistic system:

Universal Philosophy



SCIENCE

Observation

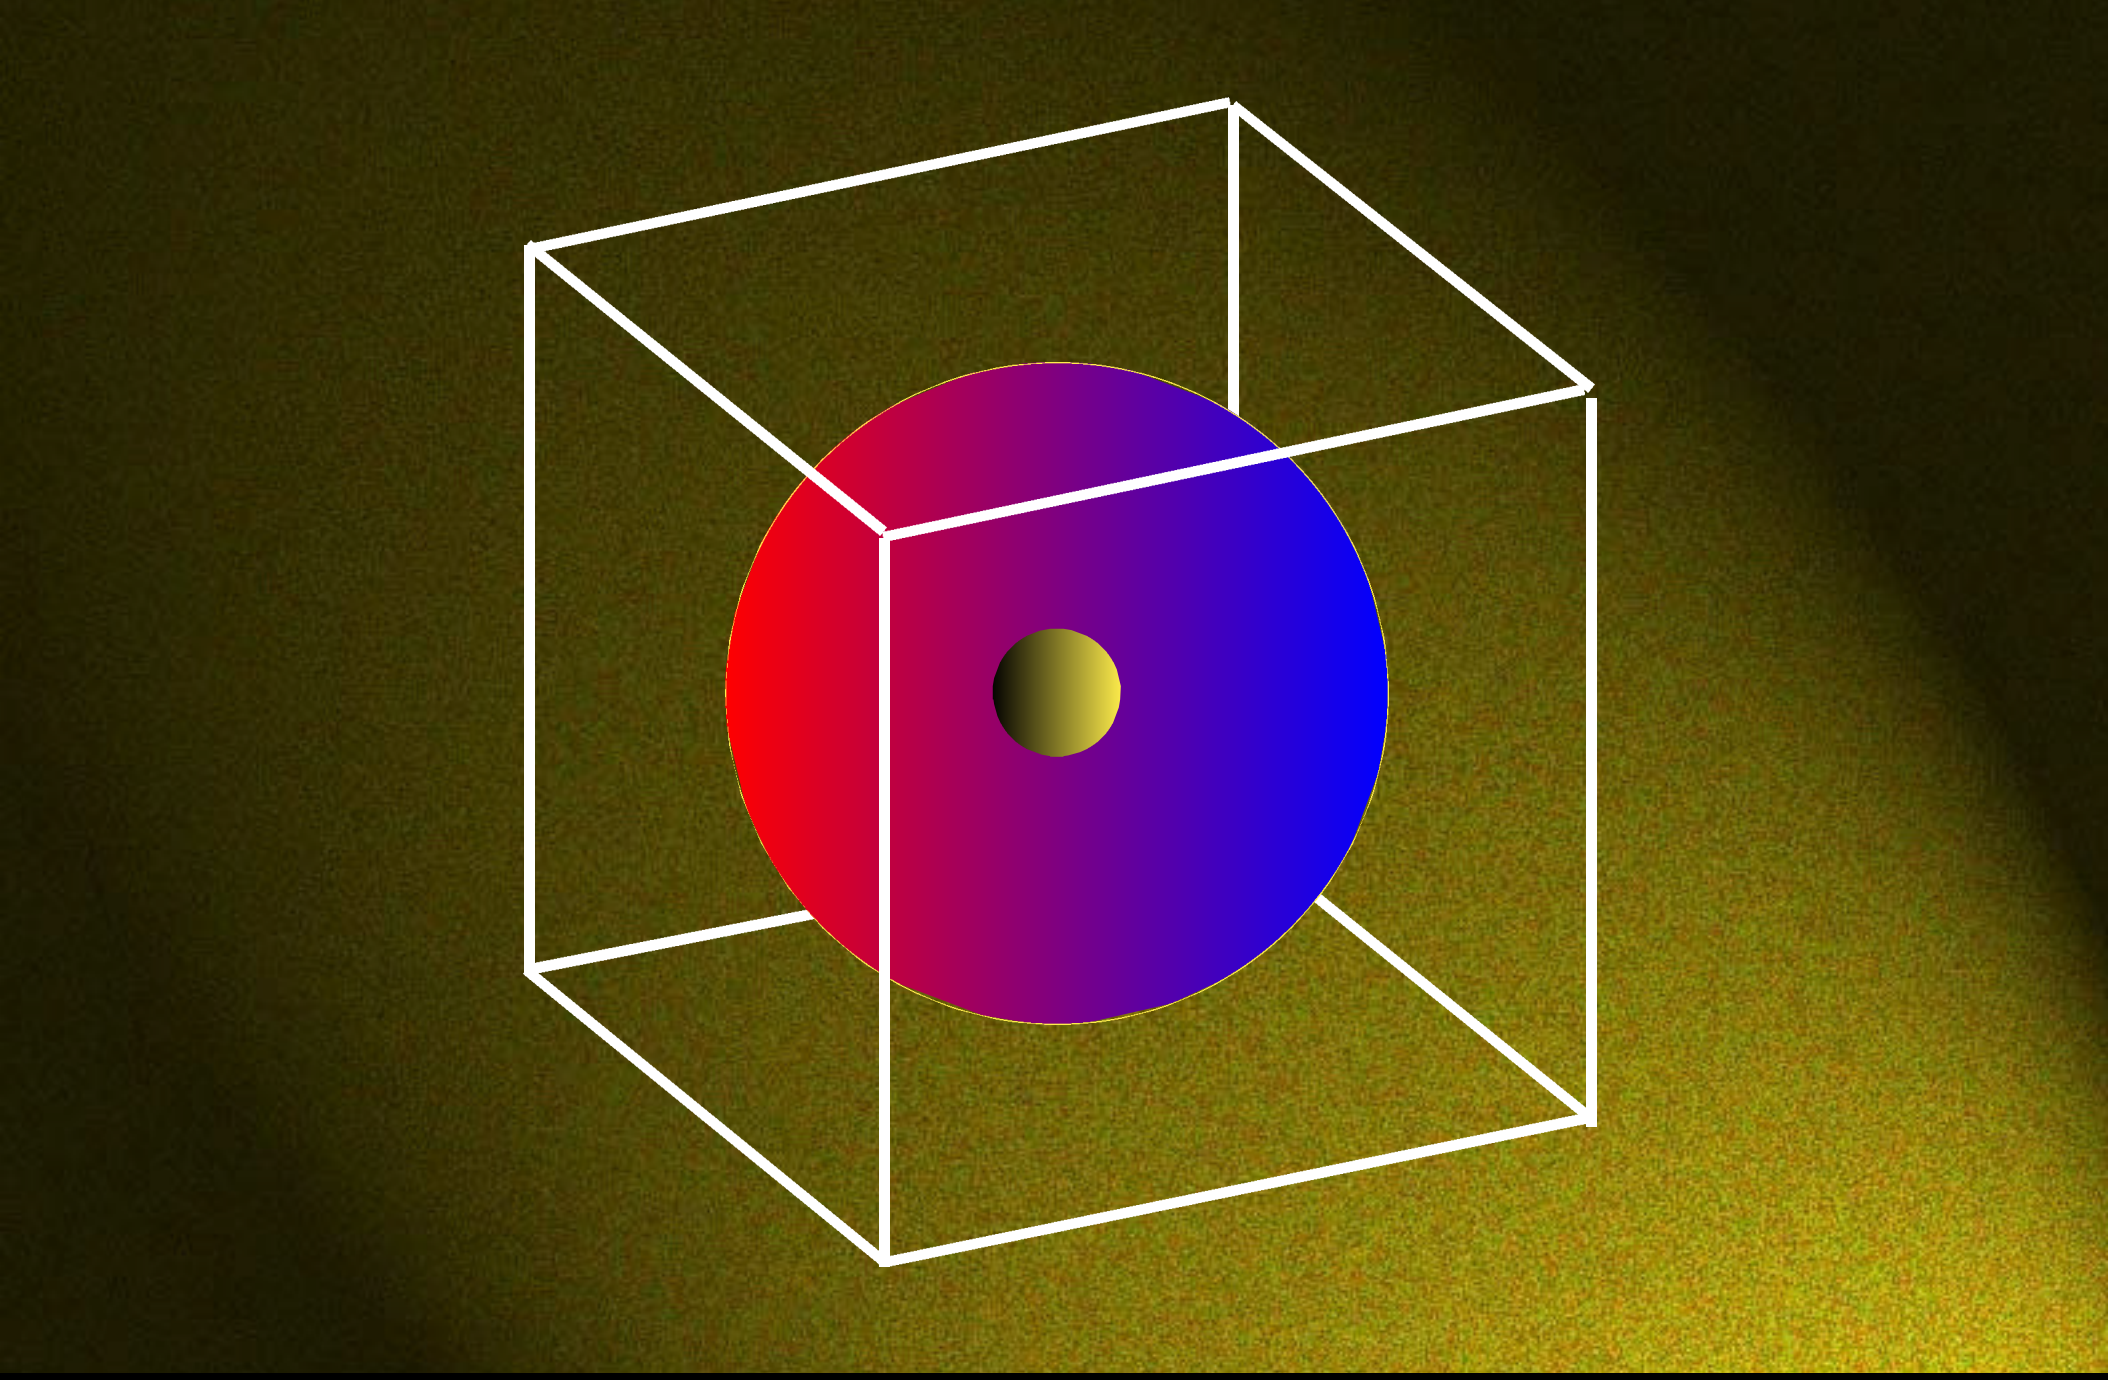
RELIGION

Faith

PHILOSOPHY

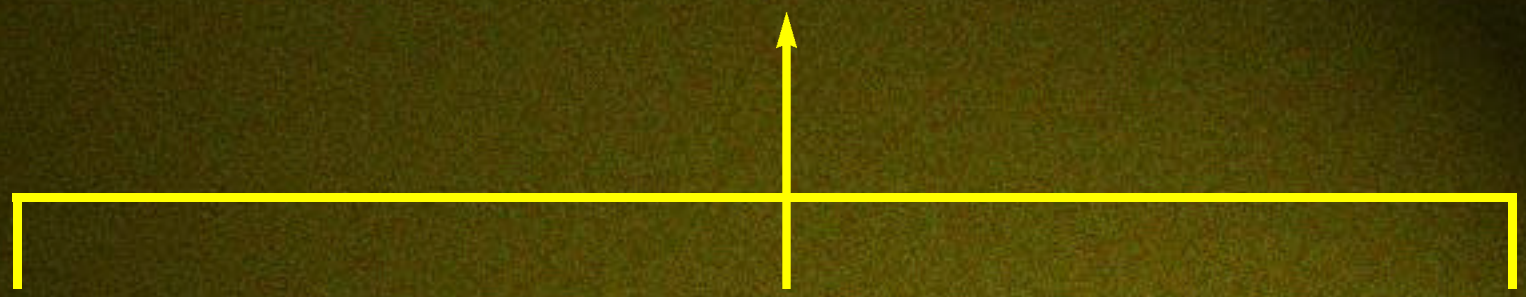
Reason

A fusion of a cosmological system - science,
built from what we observe.



The whole is not what it is without all of its parts.

Universal Philosophy



SCIENCE

Observation

RELIGION

Faith

PHILOSOPHY

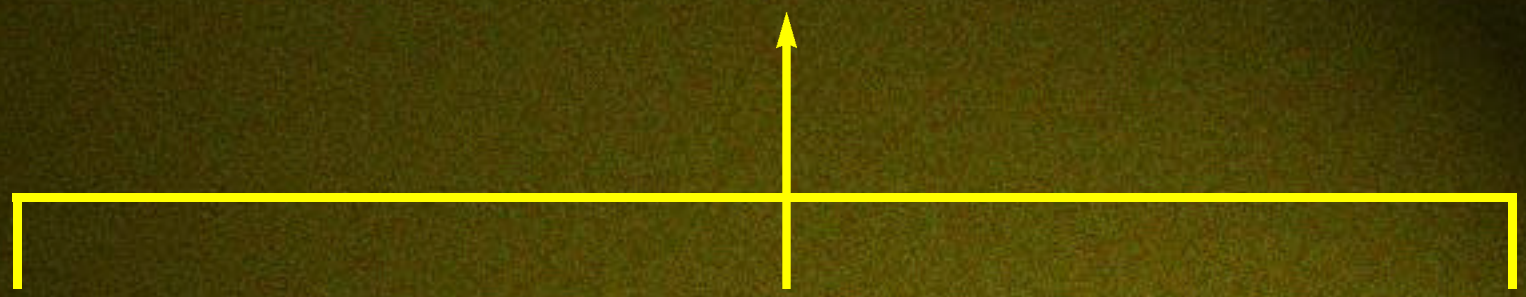
Reason

An ontological system - religion, built from what we believe.

- How could we be ‘outside’ the whole?
- If we were ‘outside’ the whole, the whole would not be the ‘whole’.

We are inside the whole.

Universal Philosophy



SCIENCE

Observation

RELIGION

Faith

PHILOSOPHY

Reason

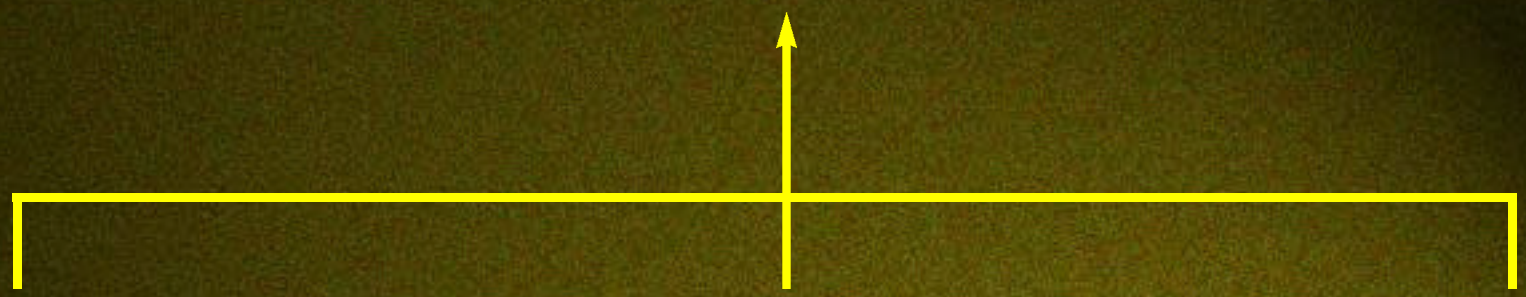
A metaphysical system - philosophy, built from what seems reasonable.

- If we are ‘inside’ the whole, we have no other choice but to accept being a ‘part’, a ‘piece’ of the whole.

We are a part of the ‘whole’.

The system formed from three truths:

Universal Philosophy



SCIENCE

Observation

RELIGION

You Exist

You exist - taken from philosophy . . .

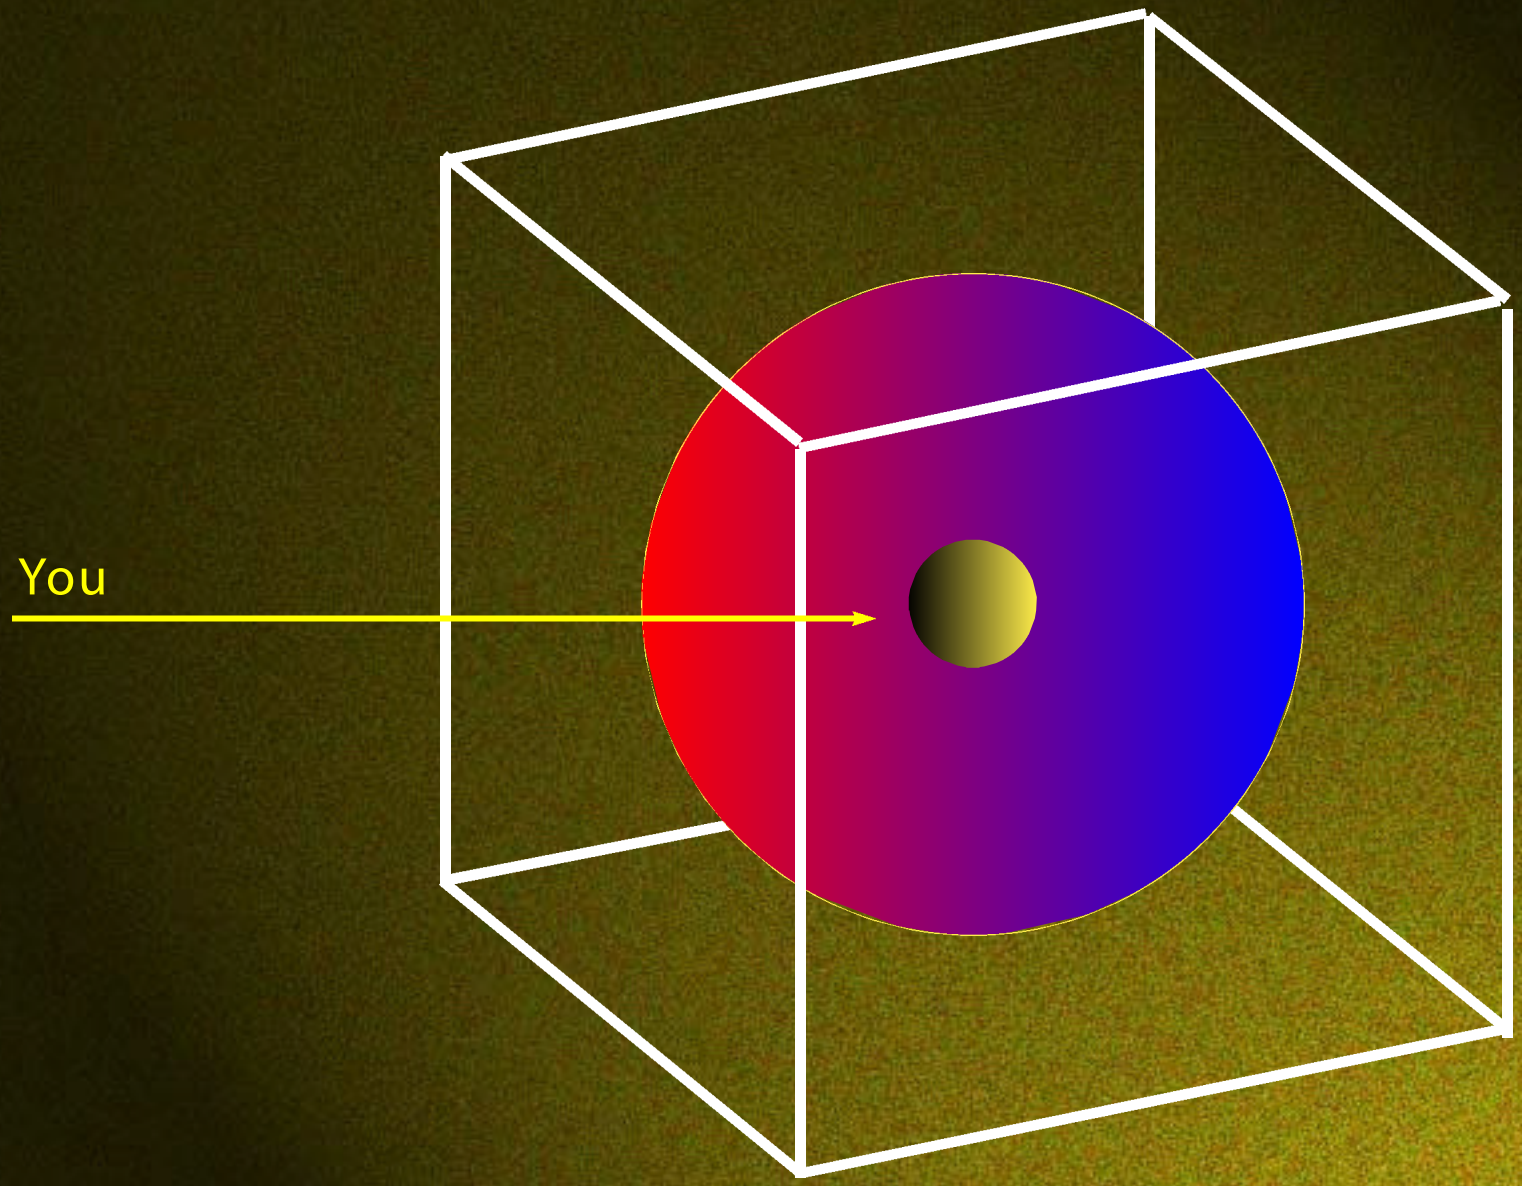
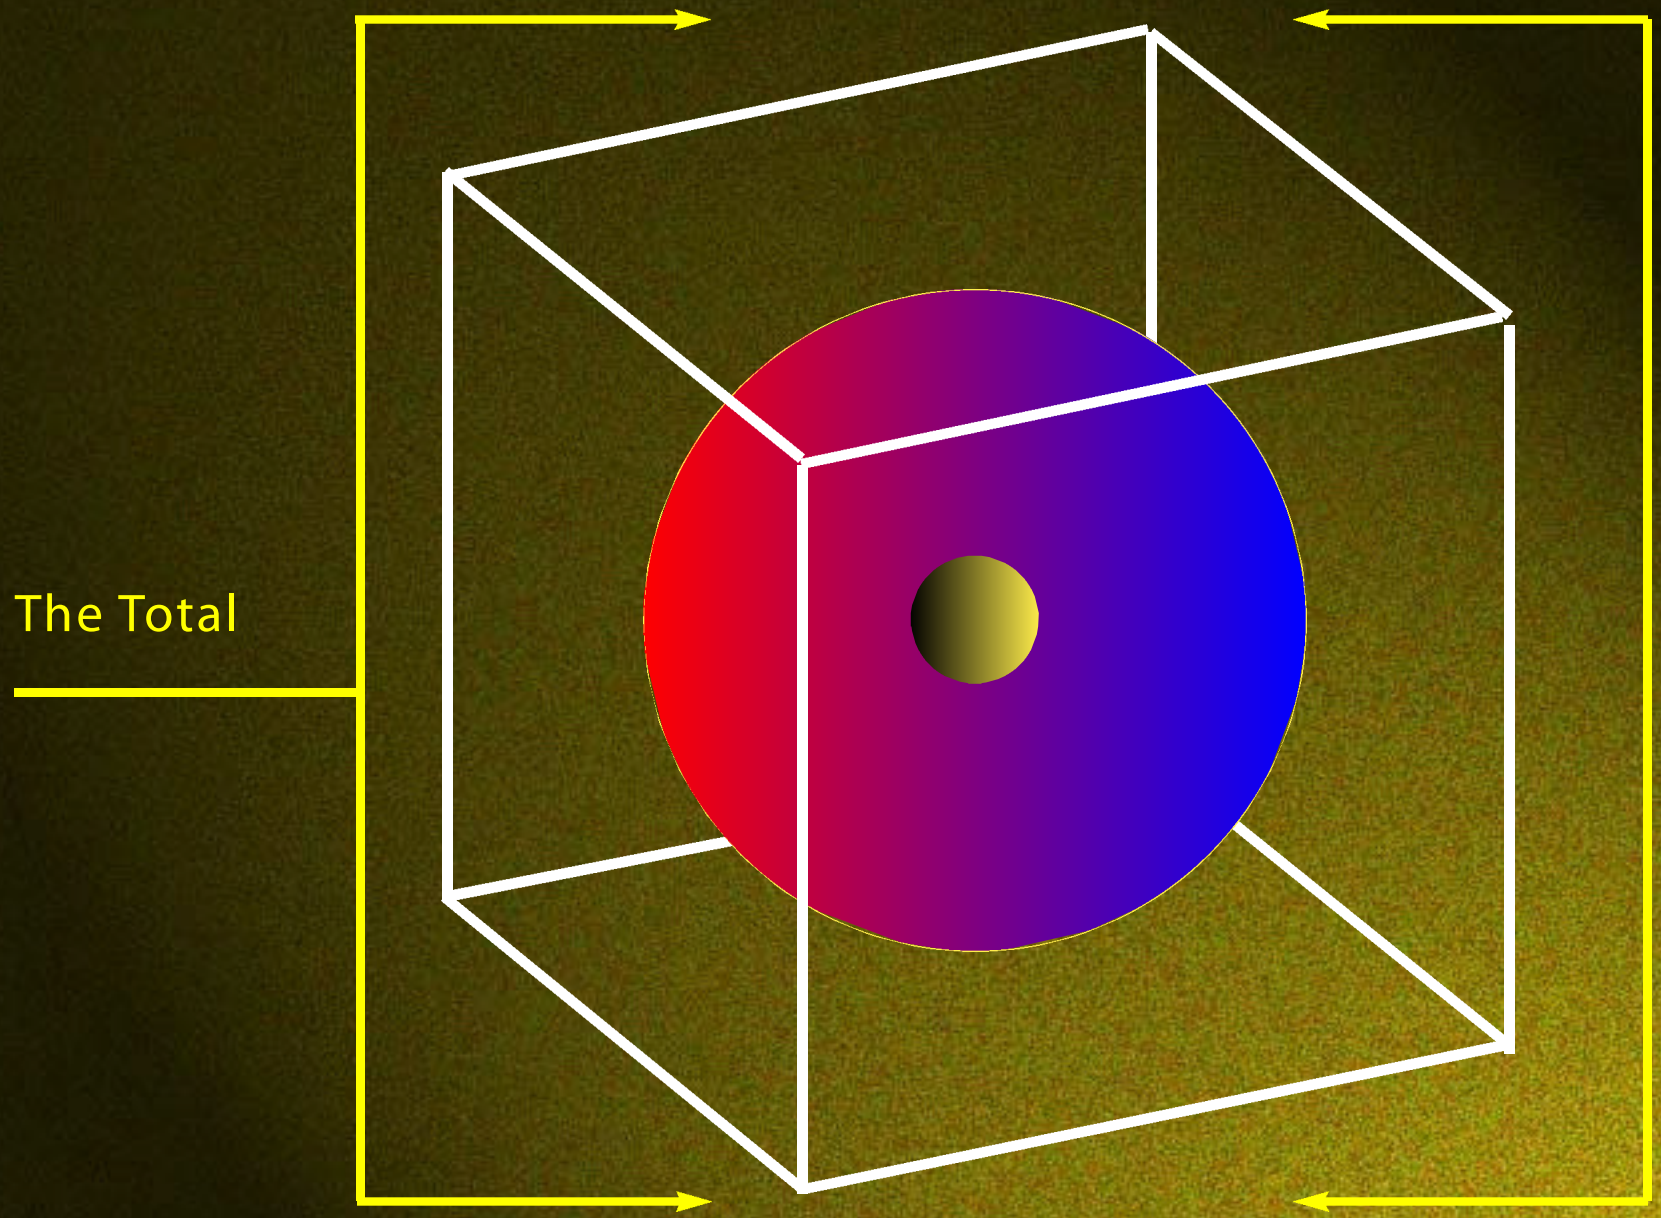
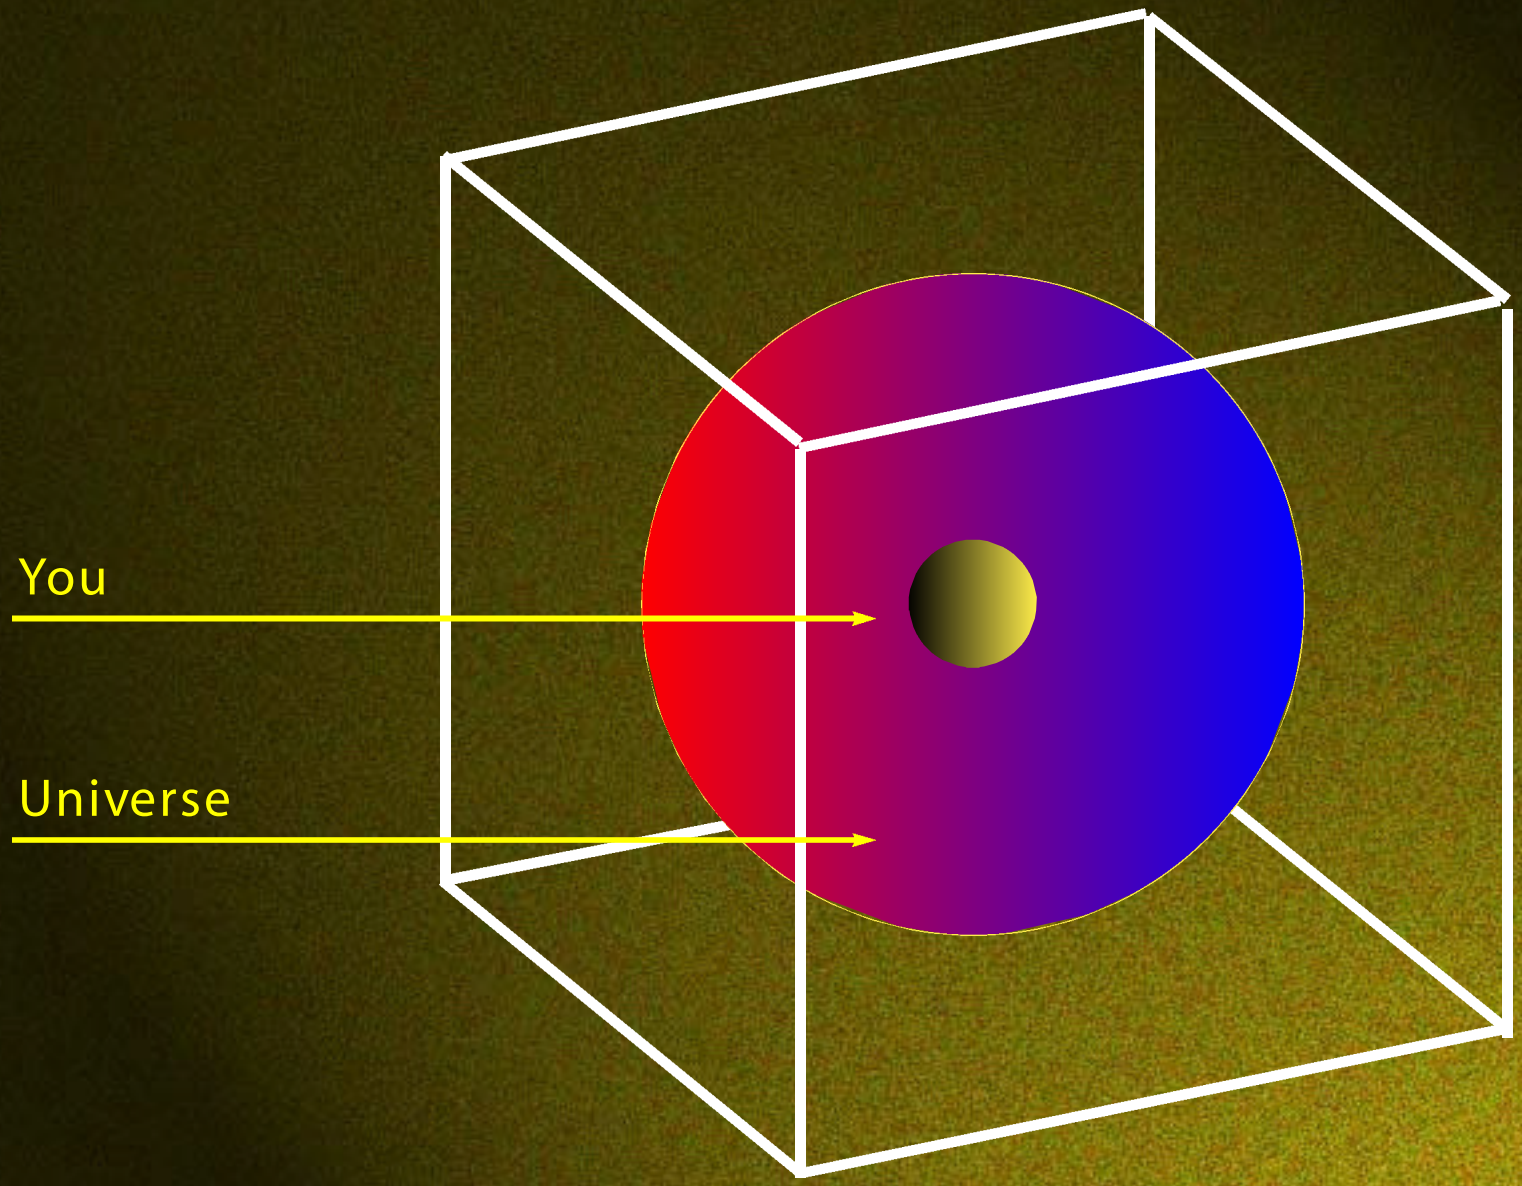
The Model



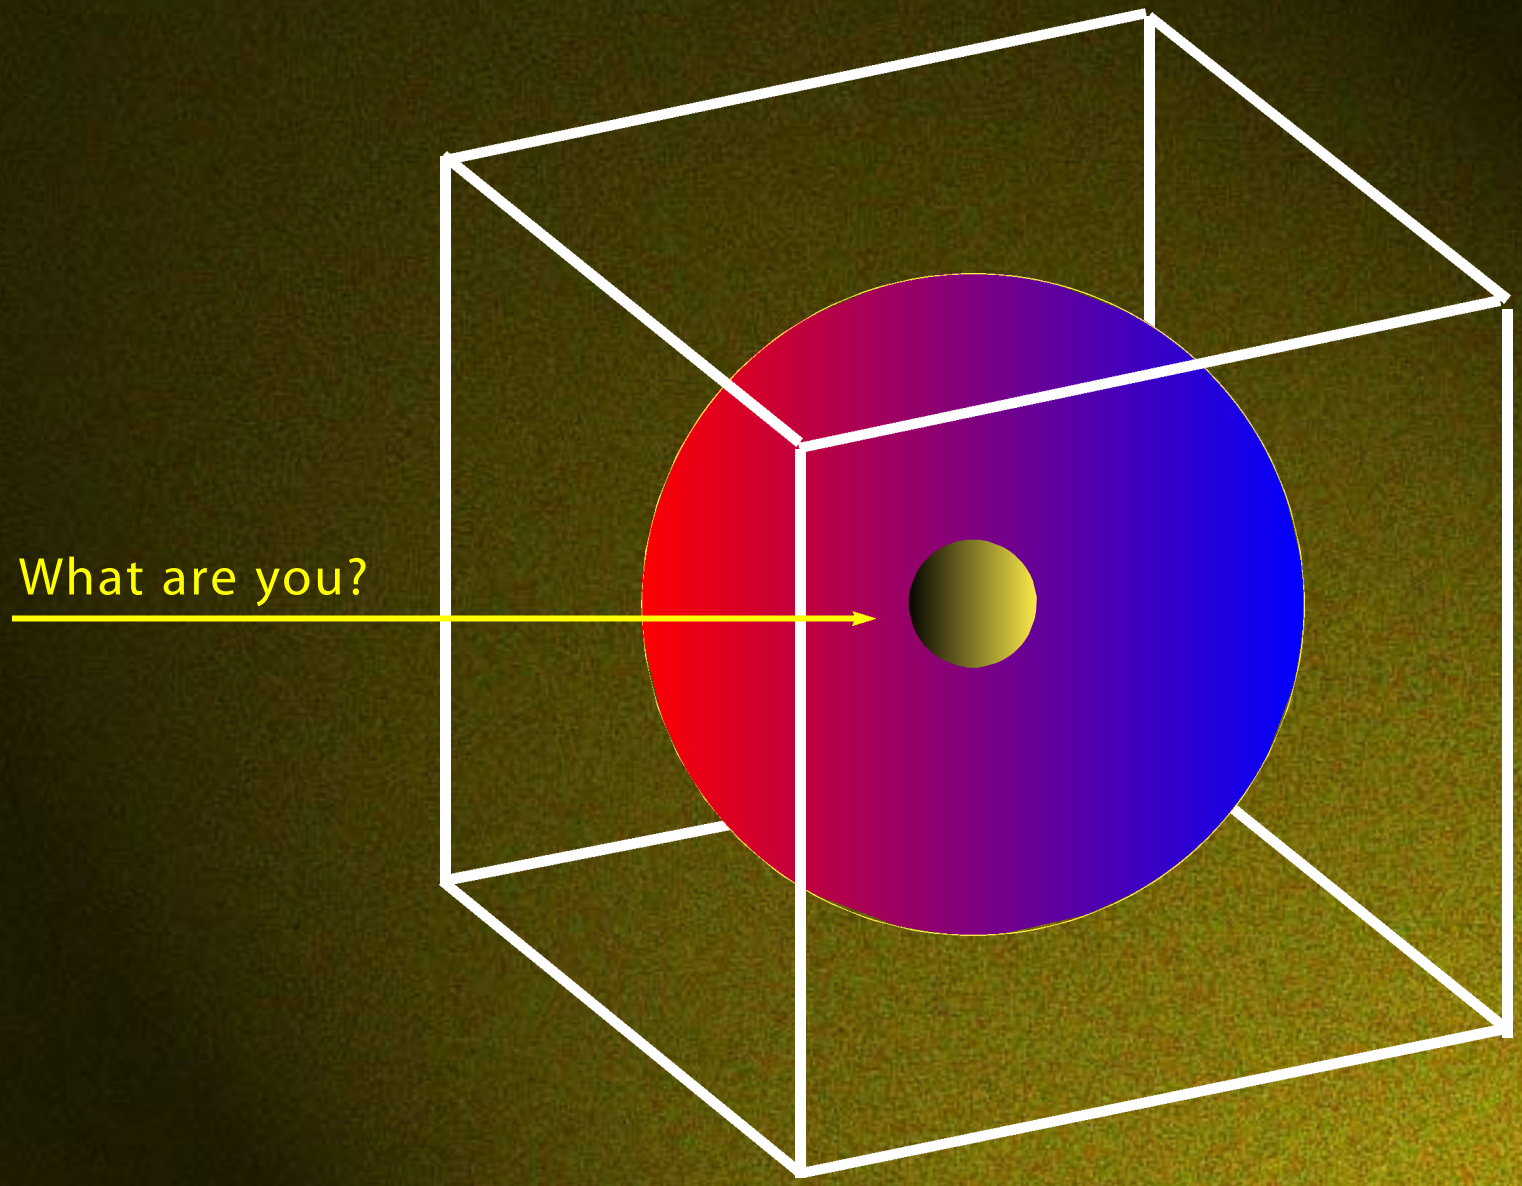
You lie ‘inside’ the Universe.



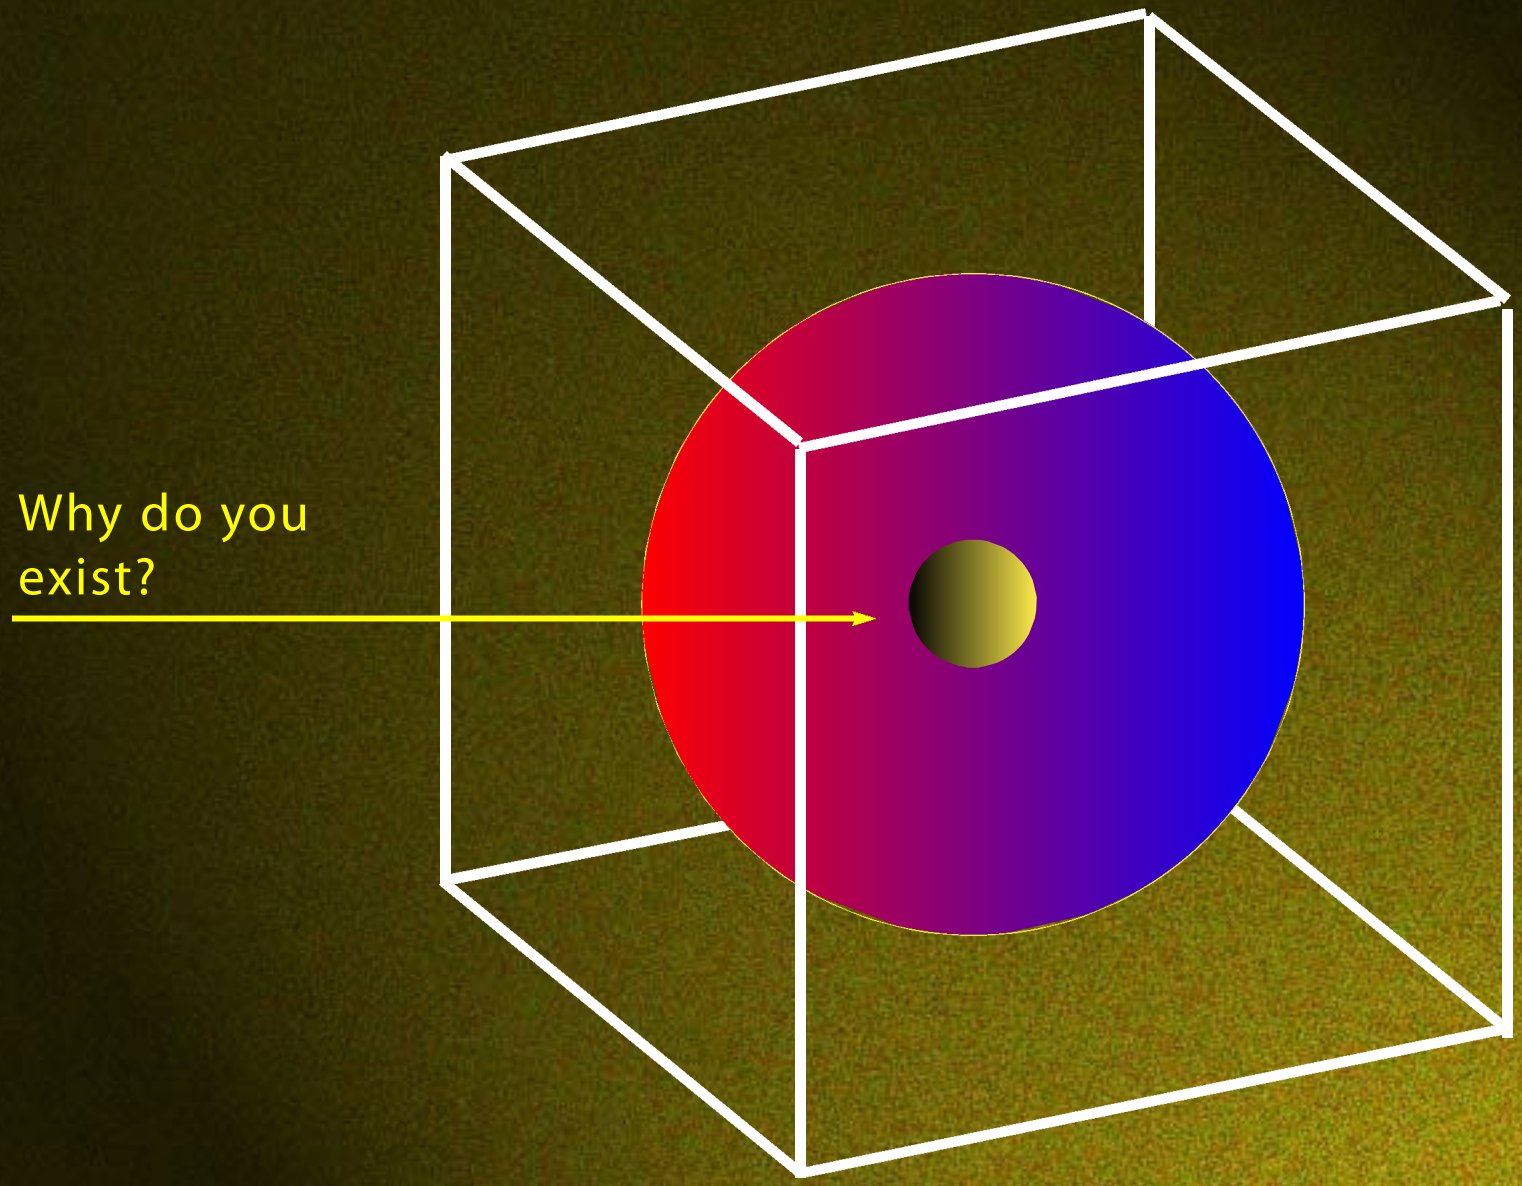
The Universe lies ‘inside’ the ‘whole’, causation, G’d.



Where are we? We are ‘inside’.



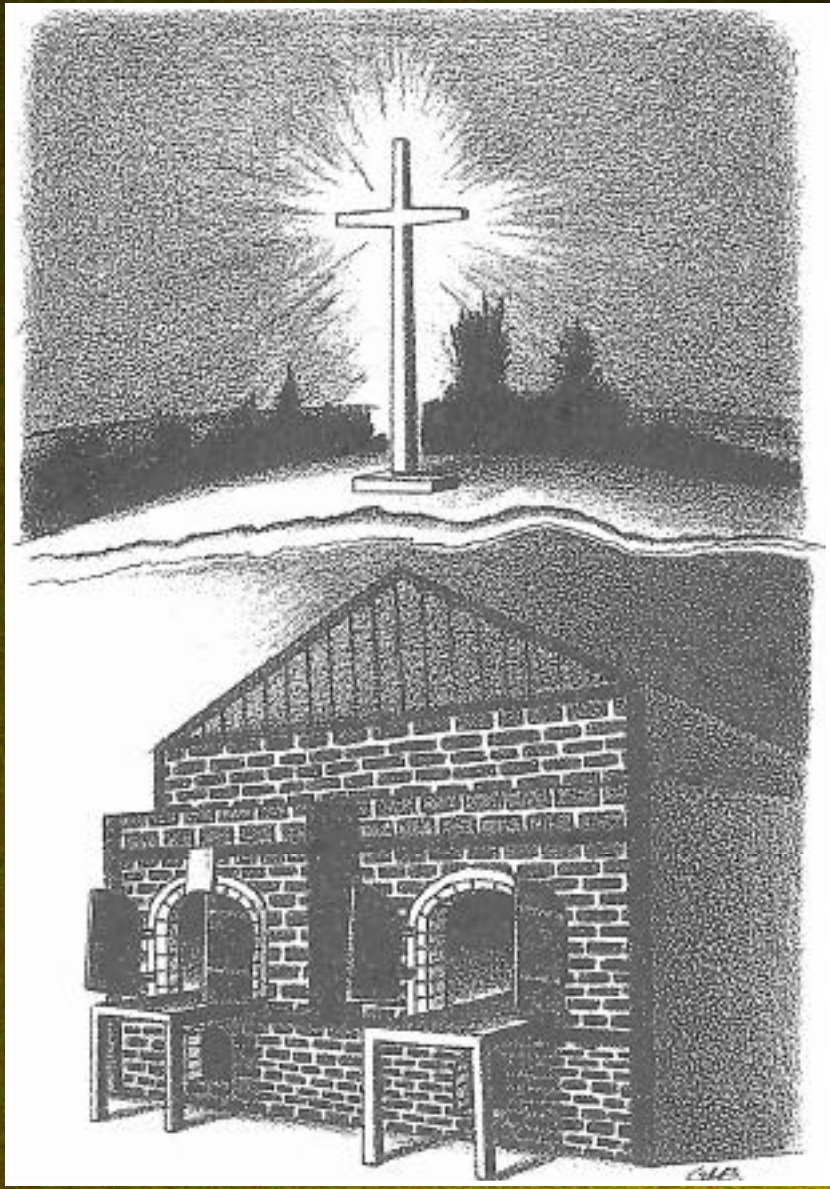
What are we? We are a piece of the ‘whole’.



Why do we exist? We exist to experience and add our experience to the “whole”.

The Impact

The Impact:



With a Universal Philosophy in place, religions would no longer hold a club over the individual.

Eastern religions: Do it ‘my’ way or start over.

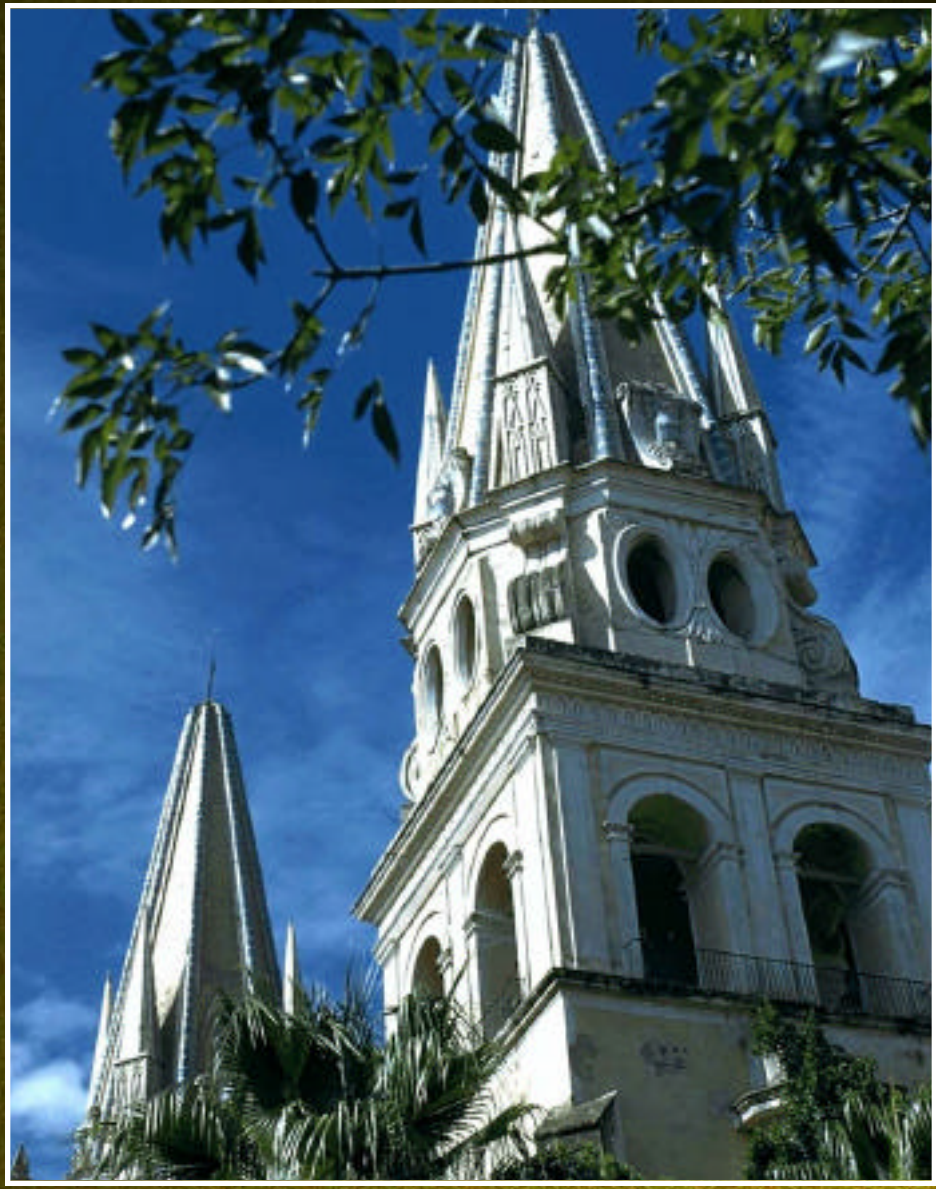
"...No, you may recycle many times but not because you refused to do it 'right' but because

if reincarnation is the case, it is just the way it is."

Do it ‘my’ way until you get it right.

No, you may have several journeys to make but not because you didn’t agree to doing it ‘their’ way.

Western religions

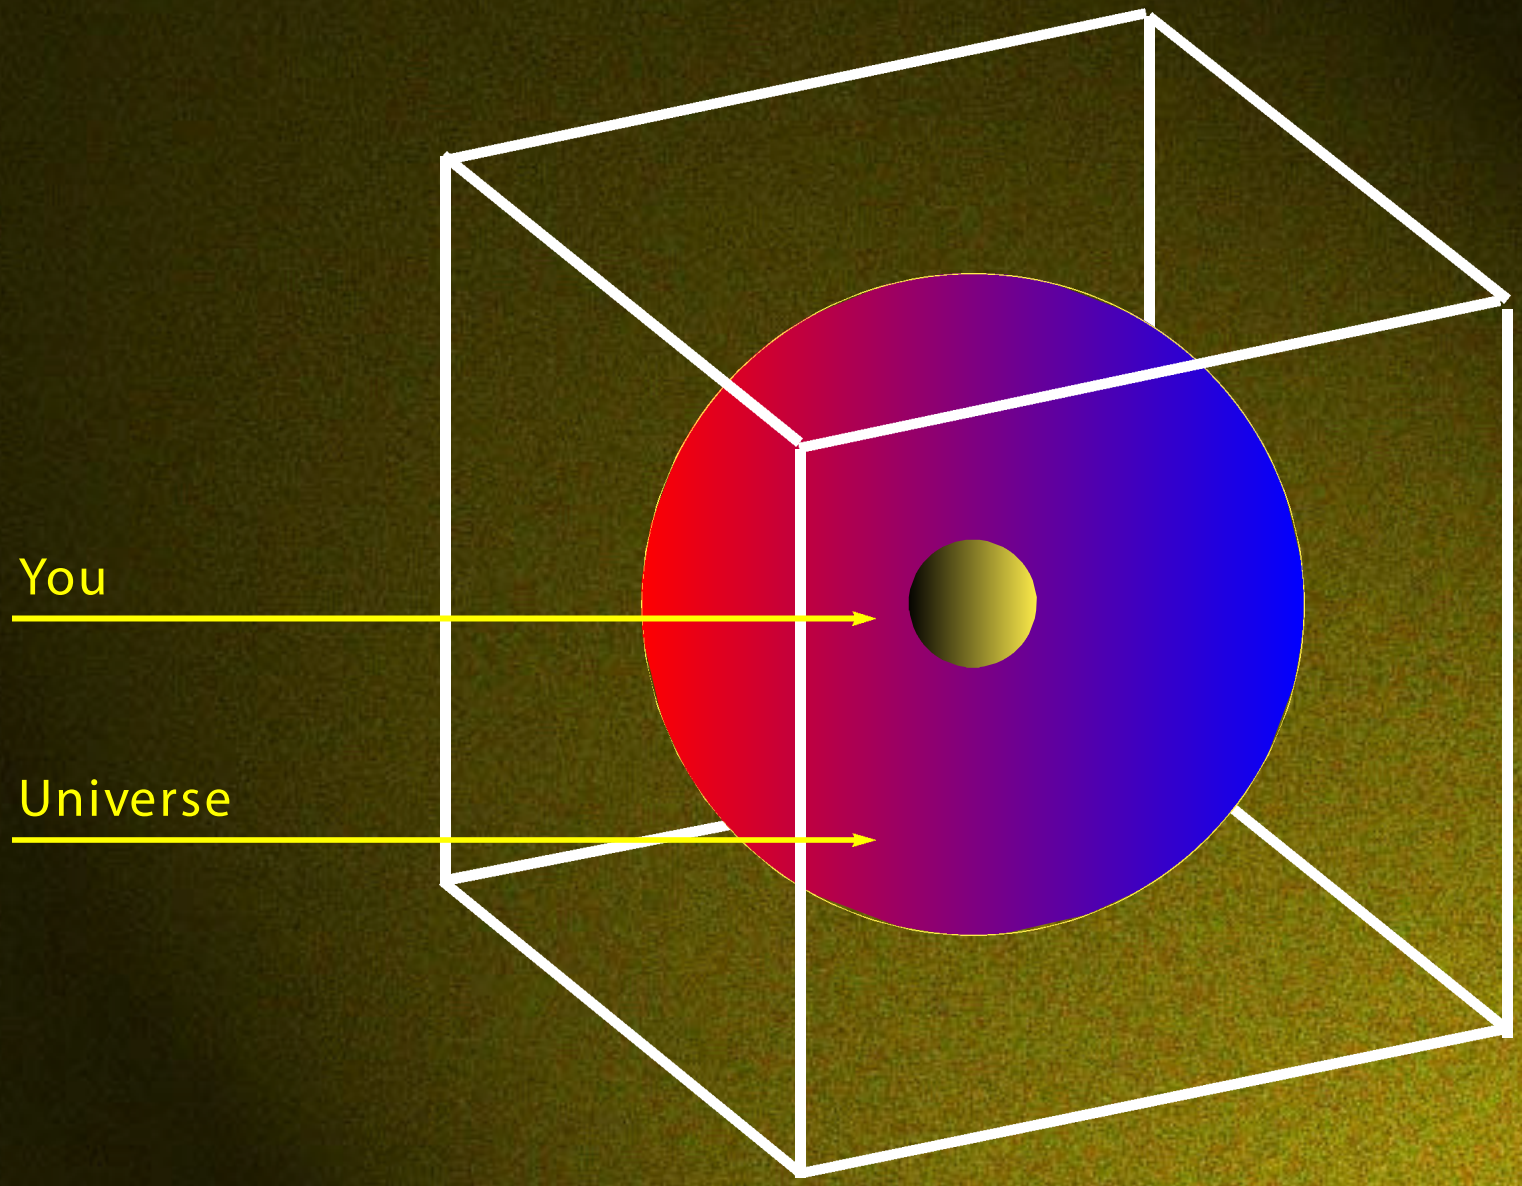


“Do it ‘my’ way or experience eternal damnation”

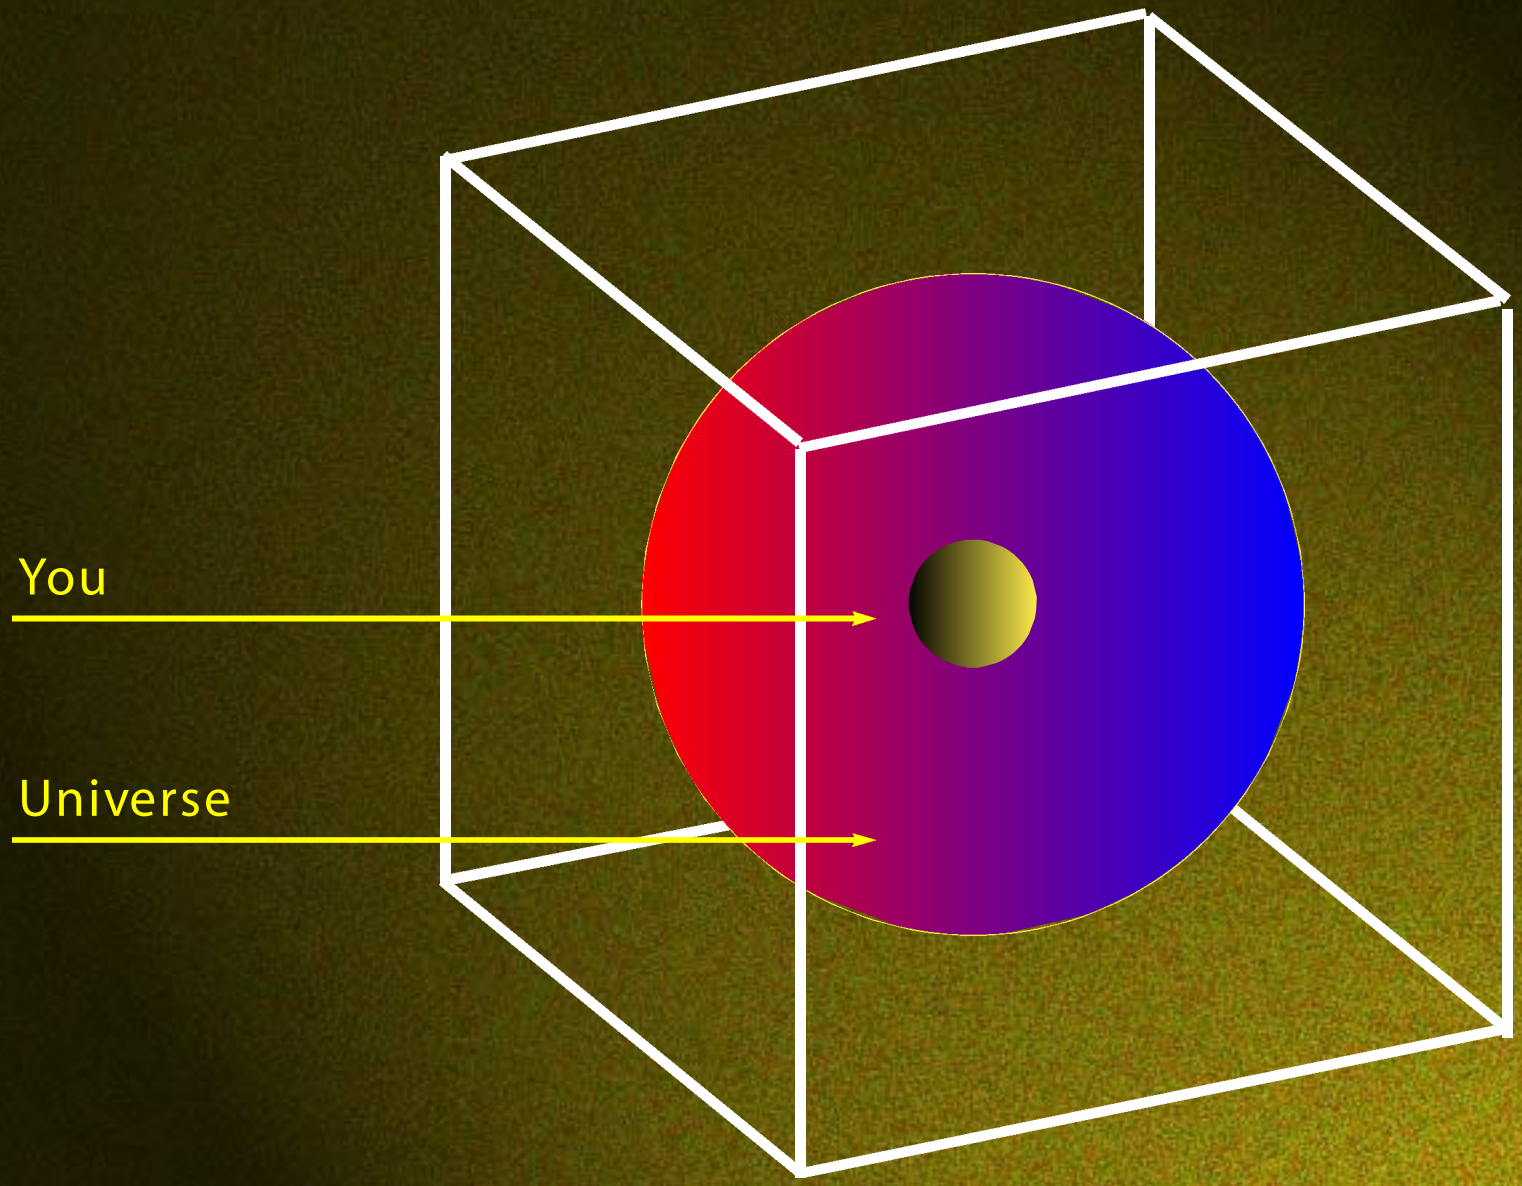
No, you may have to experience, empathize, truly ‘know’
what your actions generated,

but not because you didn’t do it ‘their’ way.

Do it ‘my’ way or you can’t get ‘inside’.



You are already ‘inside’. Nobody can ‘keep you out’.



You have a responsibility because

- Influence the whole . . .
- Impact the whole . . .
- Affect the Universe . . .
- Affect the rest of us . . .
- Affect yourself . . .

not only does the whole affect you, but you affect the whole.

- You are already there . . .
- You are already where it is you want so desperately to be . . .
- You are inside. There is nowhere else for you to be . . .
- Nobody can keep you 'out' for there is nowhere else for them to send you . . .

Be at peace: You are already there.
