Subject: Existence In and Of Itself:

Chapter One: The Four Fundamental Particles of Existence is presently on line on my website: www.panentheism.com The Chapter is found in the library of my work (see home page icon: library) and is accessible under the book Existence In and Of Itself.

I had indicated to some individuals that the work would be expanded on a definite monthly basis. To those of you who may be looking for the monthly additions:

My apologies but ...

For those of you to whom I have committed to finishing this work on a specified concrete schedule, I am sorry to say the schedule is going to have to be converted to an organic format.

I need the time to let the ideas more fully develop. The work is too important to be published flawed by self imposed artificial timelines.
