Table of Contents - Expanded

Volume I: 500 BC – 1804 AD The Distant Past On 'being': Cartesianism - Passive Observation

Introduction:

Tractate 1: 500 BC (check dates with Tractates) The Error of Zeno: Resolving the problem of Abstraction

Part I: The Paradox of seamlessness and multiplicity / Introduction / Zeno's paradoxes / The scholarly confusion regarding Zeno's Paradoxes / Zeno's paradox of space/distance

Part II: Resolving the issue with a new metaphysical perception / Zeno: The appearance of the 'real' and the 'real illusion' / A 'New Metaphysical Perception' regarding Zeno's paradox: / Reversing perceptions – counter view / The point – individuality / The 'real' and the 'real illusion' illustrated / Working backward to Zeno / Zeno's Paradox of Motion revisited / The Greek concept of increments / Calculus is but a tool – it does not eliminate what is / Incrementalism and the Individual / Concrete/Physical Functionality / Removing the physical while leaving the abstract intact / The truth 'I exist.' vs. the truth 'You exist.' / Abstract Functionality / Being a Part of 'Being' is not a new idea / Zeno Himself Says It / The multiplicity of individuality

Tractate 2: 322 BC The Error of Aristotle: Resolving the problem of Cartesian Systems

Part I: The Paradox of Cartesian Systems and non-Cartesian Systems / Introduction / Incremental concentric circles / The intricacies of concentric circles / Confinement is confinement / The concept of Cartesian / Cartesian Systems / The paradox of Cartesian Systems

Part II: Resolving the issue with a new metaphysical perception / Introduction / Relativistic 1st Principles / The dance of the angels / The 'Land of Limited Abstracts: Infinite Finites' / The 'Land of Unlimited Abstracts: Finite Infinities' / Understanding how 'a' 'whole' can be greater than the sum of its parts / The equality of 'relativistic 1st principle' / Resolving the paradox of 'a' Cartesian System composed of Infinite Finites / Reopening the walls of confinement / What it all means to humanity/all forms of virgin consciousness universally

Tractate 3: 525 AD The Error of Boethius: Resolving the problem of Free Will

Part I: The Paradox of free will and divine foreknowledge / Introduction / A misconception of determinism / Three forms of action / Limits placed upon Boethius / Some thoughts expounded by Boethius / Boethius' metaphysical system / Boethius' metaphysical system and social acceptance / Boethius' metaphysical system and perpetual historical acceptance / Boethius' metaphysical system and why it is we have not presently discarded such a system

Part II: Resolving the issue with a new metaphysical perception / 'The wall' of perception / Rationalizing the irrational / The limits of language / Oil and Water / The four forms of action / What 'will be': Free will - A location for 'being' – individuality / What 'has been': Divine foreknowledge - A location for 'Being' – the whole / What 'is being': Determinism - A location for *being* – action, process/reality – the universe / What 'is': Pre-destination/predestination - A location for being – existence of existence / Functionality of action / Locations for actions / Divine foreknowledge, predestination, pre-destination, and determinism versus free will / Internationality: the need 'for' a location of determinism / Potentiality: the need 'for' a location of free will / Nothing: the need 'for' a location of nothing / The Book of Divine Foreknowledge/ The Location of Free Will / The Location of Determinism / The misnomer of 'free will' / Letting go

Tractate 4: 1543 AD The Error of Copernicus: Resolving the problem of Centricism

Part I: Part I: The Paradox of Centricism and non-Centricism / Introduction I / Introduction II / Pre-Copernican / Post-Copernican / Copernicus' paradoxes

Part II: Resolving the paradox with a new metaphysical perception / Centricism / A location of Centricism / A location of non-Centricism / The dynamics of Centricism / Stepping 'out': into Centricism: Independence / Stepping 'in': 'beyond' Centricism: Independence / The dynamics of non Centricism / The law of inverse proportionality / The 'location' of 'nothingness' / Virgin physicality/'virgin physical life' / Virgin consciousness/'virgin abstract knowing' / Stepping 'in' beyond Centricism: Dependency / Stepping 'into' Centricism: Independence / The significance of insignificance: Random Sequencing / The explosive nature of the potentiality of knowing / Removing a piece of Randomness / Boethius' metaphysical system and why we can now file it away as a part of the annals of history / Archimedean Points / Philosophical infinities / A bag of marbles is not dependent upon sequential time / A unit of knowing is not a marble

Tractate 5: 1716 AD The Error of Leibniz: Resolving the problem of Theodicy

Part I: The Paradox of omni benevolence / Introduction / Errors created through the passive process of definition / 'Defining' theodicy / First / Second / Third / Error through the active process of extrapolation as opposed to the passive process of definition

Part II: Resolving the issue with a new metaphysical perception / The Core: Omniscience / The first shell: Omnipotence and Omnipresence / Leibniz and the error of addition / The Second Shell: Answers to three questions / The location of 'imperfection' / The Location of 'perfection' / Conclusion

Tractate 6: 1804 AD The Error of Kant: Resolving the problem of Universal Ethics

Part I: The Paradox of the 'unknowable' / Introduction / Cartesian / So, do we need a 'system'? / 'The' Missing Foundation / Boredom and knowledge / 'Everything' / Passive observing / Active observing / Raising metaphysics up from the dead

Part II: Resolving the issue with a new metaphysical perception / Metaphysics and Cartesianism revisited / 'a' Foundation / The need for 'a' whole / The whole does not change / A new meaning of the term 'everything' / How something, which is unchangeable, can change and remain unchangeable / The death of God / Analytic versus Synthetic 'a priori' / The causal / The non-causal / The boundary separating the causal and the non-causal / The 'Absolute Zero' point of abstraction / The fusion of: $0 / \infty$ and $\infty / 0$ / God does not change / The future does not exist / The past does not exist / What exists / Resolving Kant's four antinomies / The prioritized natural emergence of the first two categorical imperatives / Morality versus categorical imperatives

Volume II: 1831 – 1998 The Recent Past
On 'being' *being*: Non-Cartesianism - Active Observation

Introduction: There is a little philosopher in all of us.

Tractate 7: 1831 AD The Error of Hegel: Resolving the problem of Non-Cartesian Systems

Part I: The Paradox of the death of 'knowing' / Introduction / The land without the concepts 'before' and 'after' / Non-Cartesianism / The lack of a Foundation / The need for 'a' whole remains / The whole/ first cause becomes a redundancy / The idea leads to the concept that 'first cause' is not necessary but the whole is necessary / The whole versus the sub-element/the individual / Hegel: Metaphysics is dead / Nietzsche: God is dead / The death of God leads to the death of Metaphysics / God: Nietzsche is dead and for that matter Hegel is also dead.

Part II: Resolving the issue with a new metaphysical perception / Introduction / Thesis, antithesis, synthesis / Hegel, Nietzsche and God are all wrong / You are that of which you are a part / The whole does change / What happens to potentiality? / What happens to nothingness? / Expanding knowing / Conclusion

Tractate 8: 1955 AD The Error of Einstein – Resolving the problem of Physical Time

Part I: The paradox of 'i' / Introduction / Dimensions / Goodbye concrete, Hello abstract / Real Numbers / The Tunnel of Abstraction / Imaginary Numbers / The Constancy of time verses the Variability of time: /

Part II: Resolving the issue with a new metaphysical perception / Part IIa: The Newtonian 'i' - Velocity Equals Distance Divided by Time / Introduction: / Expanding knowing revisited / The constant (k) variable / The 'constant' factor of variability / The 'constant' variable of physicality / Hegel introduces the first mirror: Inverse physicality / Einstein introduces the second mirror: The 'i' inversion / $d = t / 1$ / $0 / \infty$ / Introduction to $\infty / 1$ and $1 / \infty$ / $\infty / 1$ / $1 / \infty$ / $1 = 0 / 0$ / $1 = \infty / \infty$ / $0 / \infty$ versus $\infty / 0$ / $0 = 0$ / Time and distance both divided by 1 / Knowledge: The universal building block / The tunnel of perception / Part IIb: The Einsteinian 'i' – The Constant Variable Equals the Square Root of the Distance Divided by the Square Root of the Time / Introduction / The square root of Einstein's equations: 'i' / Einstein's mirror revisited / Illusion / The 'real' and the 'real' illusion / The real / Coherency of time / Variability of time / The 'real illusion' / Incoherency of time / Constancy of time / The 'Taser' / What does it mean

Tractate 9: 1970 AD The Error of Russell: Resolving the problem of Separation Through Exclusion

Part I: The Paradox of seamlessness and multiplicity / Introduction: 'Nothingness' is an integral part of it all / The Wittgensteining of Russell / Understanding Russell's paradox

Part II: Resolving the issue with a new metaphysical perception / An alternative solution to Russell's Paradox / The significance of Russell's paradox as discussed in a simulated conversation between Russell and Wittgenstein / Simplicity itself: The end of the beginning / Caution #1: This section is intended only for the mathematically and scientifically inclined / Caution #2: This section is intended only for the religiously inclined / Caution #3: This section is intended only for the philosophically inclined

Tractate 10: 1976 AD The Error of Heidegger: Resolving the problem of The Void of the Void

Part I: The Paradox of 'the void' / Introduction / Creating the paradox of a Physical System / What is a void / What is a lack of a void / Zero / Infinity / Matter/energy / Space and time / The influence of fear / The paradox of nothing having no function

Part II: Resolving the issue of a void with a new metaphysical perception / The function of something / The function of 'nothing' / Where one can find a void of a void / Where one can find a void / Symmetry emerges out of a void / Where one can find a void of time / What the void of time 'means' / Where one can find a void of space / What the void of space 'means' / The void of infinity / The size of an infinite void / 'Something' reducing to a void / Abstraction and the void / Where a void cannot be found (and why it cannot be found there) / The multiplicity of individuality: / 'knowing' *knowing* 'Knowing' / 'being' *being* 'Being' / 'Nothing' is not a 'thing' / Theoretical metaphysics now evolves into: 'Being' *being* 'being' versus 'being' *being* 'Being'

Tractate 11: 1996 AD The Error of Philosophy: Resolving the problem of Monism and Dualism

Part I: The Paradox of Either/Or / Introduction / Singularity of Multiplicity / The quagmire of diversity / Either/Or / The desire for Homogeneity / The role of guilt / Being right / Homogeneity / The historical conflicted expanded / The sins of the father in regards to the son / The right 'to be' versus submission / Diversity and the right to be who you are – freedom / The advantage of diversity / The monist is wrong but the monist is right / The dualist is right but the dualist is wrong:

Part II: Resolving the issue regarding the conflict between homogeneity and diversity / Introduction / Examination of Contemporary thought / Who owns the body / Diversity and the disadvantaged / What society 'owes' entities of knowing / Our point of departure lies in the heart of metaphysics itself / Let me buy you a beer / Reversing perceptions – counter view / The Point – Individuality / Conclusion:

Tractate 12: 1998 AD: Resolving the problem of Cartesianism and non-Cartesianism

Introduction / The Whole and Panentheism / The Soul and Symbiosis / Human Significance / Social Ramifications / Omniscience / Omnipotence / Omnipresence / The Whole / Three Ultimate Paradoxes

Volume III: 2003 - The Future

On 'being' *being* 'Being': Cartesianism 'within' Non-Cartesianism: Active Observation within Passive Observation

Introduction: How to regain the love of wisdom

Tractate 13: Metaphysical Systems - Model Building Through Metaphysical Engineering

Metaphysical Concepts/Section 1: Metaphysical Systems - Twenty-eight Potential Models of Singularity/Section 2: Metaphysical System 7: 'being' being/Section 3: Metaphysical System #9: 'Being' being/ Section 4: Metaphysical System: 'being' being separate from 'Being' being of Multiplicity/Section 5: Metaphysical System #28: 'being' being 'Being'/Section 6: Metaphysical System #28: Symbiotic Panentheism (the Metaphysics in non-technical terms)

Tractate 14: Husserl Hawking & I - The Third Principle of Philosophy: Responsibility

Preface: a moment for introspection/Introduction: If we united religion, science and philosophy, what would it offer us? /I.Husserl: Find the materials for a universal philosophy/Truth One: You exist/Truth Two: The universe exists/Truth Three: Causation exists/II. Hawking: Build the model/Where are we? – Placement/What are we? – Placement generating definition/Why do we exist? Definition generating purpose/III: Shepard: Examine the Impact/Examining the Impact in terms of the past/In terms of 'being'/In terms of our specie/In terms of our home, the environment/Examining the Impact in terms of the present/In terms of 'being'/In terms of our specie/In terms of our home, the environment/In terms of other galactic life forms/Examining the Impact in terms of the future/In terms of 'being'/In terms of our specie/In terms of our home, the environment/In terms of other galactic life forms/In terms of the whole itself/Conclusion: Free will versus determinism/Appendix: 'Examine the Impact' expanded

Tractate 15: Ockham's Razor – Introducing The Problem of Reductionism: Understanding

Introduction: A new slant on the old/Part I: Expanding Understanding – Complexity/500 BC The Error of Zeno: Resolving the problem of Physical Distance/322 BC The Error of Aristotle: Resolving the problem of Cartesian Systems/525 AD The Error of Boethius: Resolving the problem of Free Will/Determinism/1543 AD The Error of Copernicus: Resolving the problem of Centrist Systems/1716 AD The Error of Leibniz: Resolving the problem of Theodicy/1804 AD The Error of Kant: Resolving the problem of Cartesian Systems/1831 AD The Error of Hegel: Resolving the problem of Non-Cartesian Systems/1955 AD The Error of Russell: Resolving the problem of Exclusion of Nothing/1970 AD The Error of Einstein" Resolving the problem of Abstract Time/1976 AD The Error of Heidegger: Resolving the problem of The Void of a Void/1996 AD The Error of Philosophy: Resolving the problem of Monists/Dualists/1998 AD Symbiotic Panentheism: A Perceptual Shift for Humankind/Part II: Applying Ockham's Razor: Reducing Understanding to Simplicity/2002 AD Metaphysical Systems: Introducing the problem of Metaphysical System #7 and Metaphysical System # 9/2002 AD Husserl, Hawking and I: Introducing the problem of Principles One and Two/Summation Ockham's Razor: Introducing the problem of Reductionism/What next?

Tractate 16: Wrong Again - Introducing the Problem of Being Right

Introduction: Our responsibilities lie in fulfilling our purpose for existing/The fifth antinomy/What does it mean to be a piece of the whole/'Being'/God?

Tractate 17: The Beginning - Theoretical Metaphysics: Introducing the Problem of the End

Part I: The Paradox regarding the existence of paradoxes and a lack of paradoxes/Introduction: You are still thinking too small/The Error of: A lack of Paradoxes/Endless Paradoxes followed by endless answers/Paradox 1/Paradox 2/Paradox 3/Paradox 4/Paradox 5/For whom does '????' exist?/Theoretical Metaphysics as of the dawn of the new millennium/Where we left off/Looking for a pattern/A second look at the pattern formation/The surprise of nothingness/Revisiting Metaphysical Engineering through Theoretical Metaphysics/Theoretical Metaphysics: The eternally moving horizon of knowledge/Speculative summary possibilities regarding the interrelationships of four 1st truths/Theoretical Metaphysics/Philosophical Progress/Advancing knowledge/

Tractate 18: Why Now? - A Short Introduction To Western Philosophy

Prologue / Introduction/Before the Pre-Socratics / The Pre-Socratics / The Invention of Philosophy / The Eleatics / Empedocles, Plurality, and Greek Atomism /The Sophists/Socrates / Plato / Pythagoras / Aristotle / Hellenistic and Roman Philosophy / The Sceptics / Medieval Philosophy / Saint Augustine / Augustine of Hippo/Boethius / Anicius Manlius Severinus / Saint Anselm / Anselm of Canterbury / Saint Thomas Aquinas/William Ockham / The Collapse of Scholasticism / The Renaissance / Political Philosophy / Niccolò Machiavelli / Thomas Hobbes / René Descartes / Rationalism / Baruch Spinoza / Gottfried Wilhelm Leibniz / Isaac Newton / John Locke / George Berkeley / David Hume / Hegel / Soren Kierkegaard / The American & British Idealists / Jeremy Bentham & John Stuart Mill: Utilitarianism / Fredrich Nietzsche / Logic and Mathematical Foundations: Logical Positivism/Karl Popper / Ludwig Wittgenstein / A Brief Overview of Symbiotic Panentheism/Summation of Western Philosophical positions provided by Stephen Moore – fellow philosopher

Conclusion: The Peer Review - Western Philosophy
